

Lost-Song

I've lost a important part in my life,
in my heart someone prick a knife,
You always say's that
Nothing can break us,
nothing can separate us,
but i couldn't detain you by my side,

please be carefully about you,
you even say's,
and now I'm here
alone with all the Memories,
and there's no way to bring you back,

I look in to the sky
But there's no Rainbow, no Butterfly,
only the burning Sun, that felt on my skin,
everything is without a sense, without desire,
you're the only one who brings me higher,

What should I do now,
all the way's I go,
all the time I spend,
all the planes,
all I've made,
you're always by my side,
We're one unity,
one mind, one spirit,
but now I feel uncompleted,
why are you must go,
I don't want to satisfy,
and all I can do is think of you.

I look in to the sky
But there's no Rainbow, no Butterfly,
only the burning Sun, that felt on my skin,
everything is without a sense, without desire,
you're the only one who could bring me higher,

no kids, we like to have,
no smile when I'm coming home,
no laugh about you're jokes,
no laying together in bed on a rainy sunday
only silence that wait at home

I look in to the sky
But there's no Rainbow, no Butterfly,
only the burning Sun, that felt on my skin,
everything is without a sense, without desire,
you're the only one who could bring me higher,
